If repairing the catalog doesn't help, repeat the steps above, but instead of clicking Repair, click New to create a new test catalog. If you're able to import photos into the new catalog and the Organizer works correctly, then there's likely something about the old catalog that is corrupted in some other way. In that case, try recreating the Organizer's thumbnails.

Adobe Photoshop is a raster graphics editor developed and published by Adobe Inc. for macOS and Windows. It was originally created in 1988 by Thomas and John Knoll. Since then, this software has become the industry standard not only in raster graphics editing, but in digital art as a whole. The software's name has thus become a generic trademark, leading to its usage as a verb (e.g. "to ...
